Dixon, IL – The Illinois Department of Transportation announces today that weather permitting, construction work at the interchange of I-74 and I-80 south of Colona will begin on Tuesday, September 6, 2016. Path Construction Company is starting the \$629,500 contract to make repairs to the bridge decks at the interchange.

Traffic will be restricted to one lane in each direction across the bridges. For the first half of the project, the inter-loop ramp for I-80 Westbound to I-74 Eastbound will be closed. Westbound traffic wanting to go south to Peoria/Woodhull will be detoured one mile north to the US 6 interchange where they can turn and go south on I-74 Eastbound.

The project is scheduled to be completed by the end of November.

Please slow down and use extreme caution while driving through all work zones.
